

Delivery – On Target

April 2007

- These High Tip Buckets were part of shipments going to Maine and to Toronto.
 - **** The 11.5 cu. ft. was ordered, built and shipped in 13 days. ****

Craig Delivery Still On Target

- 110 attachments were shipped in April.
- April's On-Time Shipments were 97% (on quoted date).

- Trent Prosser – Post Production Supervisor – organizes and assists with loading as one of his many responsibilities.
- Trent has 21 years experience with Craig's.
- From Sales to Shipping, all staff is focused on efficiency, quality and delivery.

Handling “The Pressure”

- Many Craig attachments come complete with Craig designed and manufactured hydraulic cylinders. These are designed and tested to 5,000 lbs pressure.
- This process has been dramatically improved with our modern equipment in our state of the art facility.
- Another example of Craig's commitment to ***SUPERIOR SERVICE*** and ***ON-TIME DELIVERY***.

April's Action Winner

- Craig's Pipe Grapple handles 14 m long, 650 kg well drilling casings.
- Drilling Foreman says “we need the **stability** of Craig Pipe Grapples”
- Send your action shots to blcraig@craig-mfg.com.
Photos become the property of Craig's.

Craig Products on display

- **May 4-5th - Northeastern Forest Products Equipment Expo in Bangor, Maine**
- **June 6-7th – Ontario Road Supervisors Municipal Trade Show in Fergus, Ont.**
- **Come and visit us at these shows.**
