## Freight On Board (FOB) - What it means for you

When you place an order at Craig you can rest easy because your work is done and your shipping is included. Freight on board, to your door, has been a mainstay at Craig Manufacturing and continues to help our dealers provide the very best service and delivery times to their customers.

With our FOB system you have no administrative costs to finding a carrier, no worries at the border, no warehousing costs, no brokerage fees and most importantly NO LOST SHIPMENTS. You can even satellite track your order for the most up to date delivery times. When you buy from Craig you save time and money all-the-while knowing that your order is in good hands.

For more information contact your sales rep by emailing [sales@craig-mfg.com](mailto:sales@craig-mfg.com) or call 1-800-565-5007

## Craig Show Stock For Sale

From time-to-time we build demonstration pieces for tradeshow and testing. Give us a call anytime to find out what we have immediately available for sale. **1-800-565-5007**
