

EX-TPG

Tilt Pin Grabber Coupler

This Tilt Coupler retains all the advantages of the Pin-Grabber Coupler giving you increased flexibility and asset utilization. A total tilting angle of 80° allows efficient shaping of gradients and cambers without needing to reposition the excavator.

- Comes with one set of attachment pins
- Double acting single stage hydraulic cylinders give solid angular stability
- High quality hydraulic kit design for smooth operation and control
- Compatible with all major brands of machines and attachments.
Requires extra valve function for hydraulic tilt.
