

MG-683 Series

683 - High Speed Wing Assembly

Features a very aggressive conical moldboard. This plow has been designed specifically for highway use. The large difference between intake and discharge heights results in superior snow-curl and discharge at high speeds.

- Features a unique trip link that jumps up and back to clear obstacles
- Replaceable wear shoes and cutting edge for long wear-life
- Can be ordered in either Craig Quick Hitch or Push Pole Hook Up
- Hydraulic adjustable pitch available
