

WL-SL

Saw Log Grapple

Designed and tested under severe working conditions in the heaviest logging mill applications. This grapple is a time-proven winner for the unloading, yarding, sorting, and movement of tree-length or logs.

- Boxed frame design for superior strength
- Dual-cylinders
- Standard replaceable points on tines
- Can be customized to your specific needs
- Available in Craig Quik-Key or OEM coupler & Pin-On configurations
- Solid steel serial number for easy identification and support
- Optional third valve required on machine
